Mission & Vision

To empower individuals and households with innovative products and services that enhance their quality of life. We are committed to delivering exceptional value through cutting-edge solutions, promoting sustainability, and ensuring the well-being of our customers. With a focus on excellence, integrity, and customer satisfaction, we aim to be the preferred choice for those seeking reliable and forward-thinking product solutions.

We envision a future where every individual has access to advanced, efficient, and sustainable products that contribute to a better world. We aspire to be a leader in the product marketing industry, continuously pioneering new technologies and solutions that address the evolving needs of our customers. Our vision is to create a positive impact on society by promoting innovation, environmental responsibility, and holistic well-being. Through our commitment to excellence, we aim to be a trusted partner for individuals and families seeking a better, more convenient, and healthier lifestyle

Products

Gas Saver

Gas Saver is designed to save and optimize gas consumption in LPG cylinder at your home. It is designed in a way that you can start using it in an instant without cutting Gas Pipe. It is completely safe and proven to be effective for longer life than many of existing gas savers in the market.

Gas Saver comes with following features :

- Save gas up to 40%
- Suitable for cooking gas only
- Maintenance Free Device
- Gives long life to burner
- Environment friendly & good for health
- No cutting on gas line
- Quite safe and easy to install
- Proper burning
- Cleanup of carbon buildup in the burners
- Up to 30 years of life

WARNING

Best results please make sure that you do not use acid, Harpic or any kind of toilet cleaner for next 15 days after using Septic Cleaner.

Gas Safety Device

M.R.P : 2,999/-

D.P. : 2,500/-

- Facilitates in detecting gas leakage in system
- Indicates low level of LP gas in Cylinder's
- 25 years life cycle
- 3 year Warranty
- Saves Gas
- Avoids Accidents
- Cuts major hazardous Gas Leaks
- Temperature activated shutoff system

In the event of medium or heavy leak from the LPG hose or the system downstream of the GSD, it completely shuts off the gas flow. This helps in preventing any hazard due to leakage of LPG. The GSD is equipped with a pressure indicator which will show a low level indication in the event the LPG in the cylinder is about to get finished. In case of very minor leaks, the GSD can help in verifying the leakages in the system. A saving in the usage of LPG is approximately 25% .

Mineralizing Stick

In today's era there has been a drastic change in eating habits of people. Consumption of highly acidic food, Drinks and pollution has increased like never before leading to bad health and increase in acidic levels in the body. Mineralizing Stick give out water that works as counter measure for the acidic intakes, pollution and is beneficial for human health.
